

Offer Picture Perfect Passport and Visa Photos!

ID Photo Booth

- 24hr Availability
- Passport and Visa photos are biometrically checked to ensure they meet domestic and foreign requirements.
- Optional Digital Copy in addition to printed photo

Biometric Checks

Our custom software, in conjunction with the standard guidelines, is specifically designed to eliminate photo rejections by ensuring our Passport and Visa photos meet ICAO (International Civil Aviation Organization) standards.

Easy-to-use Interface

The booth comes equipped with a user-friendly interface, multiple-language support, and audio guidance. This allows your customer to quickly capture and print their desired photo – all on a 18.5" HD touchscreen display.

Accounting—We Take Care of That

With no capital investment, you start earning profits from your very first sale with our Revenue Sharing Program. Our financial team will handle all sales tax, fees, surcharges, and accounting. A check will be made payable to you every month.
